

EL Diagnostic Solutions

2022 Price Sheet

 Bateria™ IV

Explore this powerful set of tools to evaluate each child's unique combination of cognitive strengths and weaknesses, academic achievement, and language proficiency in English or in Spanish. Bateria IV™ paired with the *Woodcock-Munoz Language Survey® III* (WMLS III™) offers the most comprehensive set of assessments for evaluating EL students. Assess language proficiency with the WMLS III to determine which language a student should be assessed in. For those whose dominant language is Spanish, the Bateria IV is the only co-normed cognitive and achievement Spanish language assessment available to ensure each EL student is assessed with research backed, reliable and valid tools.

Batería IV

Batería IV Woodcock-Muñoz (Batería IV™) is the parallel Spanish version of *Woodcock-Johnson® IV* (WJ IV™). It provides an efficient and psychometrically sound assessment of cognitive abilities and academic skills with updated norms and content that reflects current Spanish linguistic conventions and culture.

Batería IV reports a variety of scores that utilize the same Cattell-Horn-Carroll (CHC) framework as WJ IV, offering the same ease of use and flexibility that examiners need to accurately evaluate learning problems for Spanish speaking children and adults. As a parallel assessment to WJ IV, it even allows for a direct comparison of a student's skills in Spanish and English when used in conjunction with WJ IV.

ITEM	TITLE CODE	2022 PRICE
Batería IV Complete Battery — With 2 Carrying Cases	1729895	\$2,660.00
